

GAC MOTOR

EMKOO

**BE THE CENTRE OF ATTENTION
WHERE TECHNOLOGY MEETS BEAUTY**

The aesthetic, industry design captures your attention
at a glance.

EMKOO

FRONT GRILLE WITH RHYTHMIC LIGHTING EFFECT

With a flat design style, the twelve bars on each side are arranged in a “V” shape and decorated with titanium-tungsten alloy strips, embodying exquisite craftsmanship. With a rhythmic lighting effect, the EMKOO has a stunning look.

LIGHTSABER-INSPIRED LED TAIL LIGHTS

The four pieces of the tail lights are arranged vertically in an innovative way to form an “X” layout at the tail. With 126 embedded LED bulbs, the tail lights also come with a music sync function.

MECHA-STYLE SPOILER

The hollowed-out mecha-style at the top of the tail, with built-in light emitting elements, echoes the lower backplate of the diffuser.

EYE OF ENLIGHTENMENT -- LED HEADLIGHTS

The matrix LED headlights are equipped with a new lighting unit, with a maximum thickness of less than 20mm, and the total output of its low and high beams reaches 2650lm, 25% higher than that of the lens unit.

**GO BEYOND THE NORM
REDEFINE COMFORT**

The oriental philosophy-inspired interior design makes the cabin soothing and cosy.

SUPER-SIZE TOUCH SCREEN

The colourful display with three screens, touch screen, LCD instrument cluster, and Head-up Display (HUD) brings great joy.

CRYSTAL ELECTRONIC GEAR SHIFT

The design is inspired by the energy crystal, making the gear shift look futuristic with an industrial vibe. The original electronic dial shifter comes with an improved ergonomic design & is more convenient to operate. Every detail has futuristic design ingenuity.

PANORAMIC SUNROOF (WITH ELECTRIC SUNSHADES) DYNAMIC AMBIENT LIGHTS

The panoramic sunroof with electric sunshades enables you to enjoy the stars and coolness of summer evenings.

The dynamic ambient lighting helps you feel confident and happy.

1901mm ULTRA-WIDE BODYWORK

The wide shape embodies a stronger sense of movement, makes the drive more stable, and offers a wider cabin space.

2750mm SUPER LONG WHEELBASE

The legroom is 1059mm in the front seat and 990mm in the rear seat, allowing you to stretch at will.

FLEXIBLE COMBINATION OF RIDING & STORAGE SPACE

The passage in the rear seat is flat, the rear seats (with fold-down feature) are adjustable, and the boot capacity can be as high as 420L, making the space flexible and adaptable and allowing space to stretch.

START YOUR ENGINE TO AWAKEN YOUR ENERGY

MegaWave hybrid power gives you a leading edge.

**STRONG MEGAWAVE POWER 1.5 TGD ENGINE
& 7WDCT GOLDEN POWERTRAIN, GUARANTEES
HIGH EFFICIENCY & LOW FUEL CONSUMPTION.**

The golden powertrain, which consists of the 1.5 TGD MegaWave power engine & the 7WDCT transmission, brings more driving pleasure. The maximum torque reaches up to 270N.m, and the maximum power up to 30%, while the comprehensive efficiency of the vehicle reaches as high as 96%, delivering more driving fun and saving you fuel.

SMOOTH & STABLE HANDLING GUARANTEED BY ADVANCED TECHNOLOGIES

MEGASTAR CHASSIS

The chassis is strong, smooth, and stable. The two hydraulic suspensions - front McPherson Independent Suspension & rear Multi-link Independent Suspension, are equipped to cope with impacts & residual vibration, making travel easier.

MOOSE TEST PASSED AT 78KM/H

The EMKOO features excellent handling stability. With highly flexible & high-damping control arm bushing & a high-performance shock absorber valve system, the chassis is excellent at reducing vibration.

STABLE IN ALL CONDITIONS

Safety technology and all-round protection

SAFETY CAGE-TYPE BODYWORK

Submarine hull-grade hot-formed steel with a tensile strength of 1500MPa is used in key components, such as the A-pillar, door sill, & middle passage.

The proportion of ultra-high strength steel in the core skeleton of the crew compartment is 100%, enabling the bodywork to withstand tough conditions.

6 SRS/CAB

Dual front SRS airbags, dual front side airbags, & integrated side curtain airbags. The side curtain airbags hold a pressure of 6 seconds, which helps to better protect the head and shoulders under severe impact and rollover.

ELECTRONIC CHILD LOCK

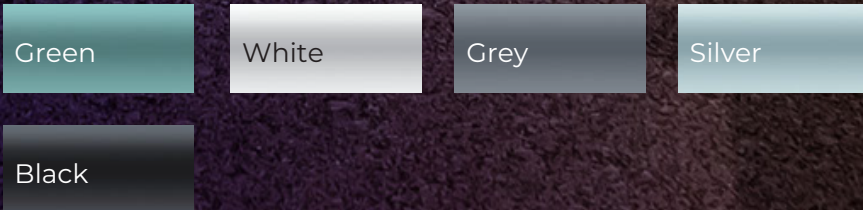

The driver can control the child lock with one key. Once it is locked, the car doors in the back can only be opened from outside to prevent children from opening them.
